Digital Mentee
eTechPractice

seher irem* kurt has successfully participated in the online tech mentoring program eTechPractice.

This program consists of different mentoring sessions which allow mentees to apply their theoretical tech knowledge in practice, thereby gaining practical field-specific skills which are tested in tech interviews.

In the context of their mentoring, participants could choose from three tracks:
Front-end development
Back-end development
UX/UI design

We congratulate you and wish you all the best in your future professional endeavors!
